

PYLON SIGNAGE

FSG is known for signage that spotlights your brand and communicates your business story. From national brands and restaurant chains to corner stores – skilled fabrication and meticulous installation are hallmarks of FSG Signs projects.

Large, freestanding outdoor signs known as “Pylon Signs,” advertise and direct customers to a business or retail center. Electronic Messaging Centers (EMC), neon, LED neon, and many other striking materials and lighting styles can be incorporated. Our talented team will partner with you to make your vision a reality, from designing and permitting to fabrication and installation.

With FSG Signs’ innovative designs and quality workmanship, your Pylon Signage is sure to be a striking landmark in your area. No matter what the scope and complexity, you can trust Facility Solutions Group to execute your vision on time and on budget.

The first thing your customers see, is the last thing you should worry about!
