

GREYHOUND

Nationwide

Over the years, FSG has partnered with Greyhound on various projects including lighting retrofits, electrical service work, and digital signage installations.

Owner

Greyhound Bus Lines

Contract Amount

\$100,000 Plus

Electrical Contractor

FSG

CHALLENGE

As a national bus lines operator, Greyhound faces a number of challenges related to keeping their fleet, facilities and teams functioning safely and efficiently. To meet this challenge, Greyhound needs vendors they can count on to help them deliver the products and services they need to keep their business running. When it comes to lighting and electrical, Greyhound has turned to FSG on multiple occasions to help them retrofit the lighting in their facilities and keep their electrical systems in top working order.

SOLUTION

FSG has performed several lighting retrofits at Greyhound facilities across Greyhound's property portfolio. Other work FSG has done for Greyhound includes: Electrical service repairs and maintenance, low-voltage cabling, and a complete digital signage system in their corporate HQ in Dallas Texas.

RESULT

FSG's ability to do work across the nation combined with the multiple types of work FSG is able to do, has proven to be a perfect combination for Greyhound across the nation.
